

ANCHOR THREAD[®]

safety built in

The Anchor Thread System eliminates the need for drilling into recently poured concrete by providing a ready to use anchor point immediately upon stripping your formwork. It greatly reduces the hazards of silica dust and ladder time. Save time and labor costs with the Anchor Thread System.

White Cap Product #: 263AT500ANWEA
1/2" ANCHOR THREAD NUT WRENCH

Anchor Thread Nut Wrench

- Tool makes installation easy and convenient
